

MSH General Conservation Fund Grant Request Form

Date: _____

Name of requestor and organization: _____

Address of requestor and organization: _____

City: _____ **State:** _____
Zip: _____ **Phone:** _____ **Email:** _____

Provide detailed outline of the project, including scope of work, total projected costs, plan and course of action, and purpose of the project. (Use additional sheets or attach additional supporting documents as necessary): _____

Are you a member of the Michigan Society of Herpetologists? _____

Where else will you be getting funding from? _____

Will you be providing any funding yourself on the project? If so what percentage? _____

What partner organizations if any are to be included on the project and who will you be sharing the results of your data with? _____

Note:

All grants are to be awarded only for research on Reptiles and Amphibians in Michigan. Upon completion of the project a copy of the results are to be forwarded to the Michigan Society of Herpetologists to be shared with its members and partners. The Michigan Society of Herpetologists is to be acknowledged as a funding source for your research and or project in any printed, video material, or other media pertaining to your project. Recipients may be asked to present their findings at an MSH meeting. Grants will be issued each time the fund reaches \$500 and awarded to recipients on a need basis determined by the Conservation Committee of the Michigan Society of Herpetologists on a case by case basis. Applications must be sent to:

**Michigan Society of Herpetologists
